TARGETED TO PROFESSIONALS

Flag Outdoor 32"

FLAG OUTDOOR is an outdoor totem designed to provide digital information and services in public spaces.

Ideal for municipalities, parks, tourist attractions, cycling routes, and city centres, it features a protected 32" touch display housed inside a robust metal enclosure with a protective canopy.

The structure accommodates a PC, modem, and climate control system, ensuring reliable operation in all weather conditions.

It is the perfect solution for wayfinding, tourist information, interactive maps, and citizen information services.
