TARGETED TO PROFESSIONALS

In-Out

COD: 04510

MIN VESA 150x150 - MAX VESA 400x400

IN-OUT is the modular mount solution with “Push & Repair” system designed for unlimited configurations of Video wall Displays. Thanks to the special optional templates, the installation is always quick and fast.
The possibility of 8 microadjustments allows the perfect alignment of monitors and the cable management system prevents any possible cable damage.
