TARGETED TO PROFESSIONALS

Double Side

MIN VESA: 200x200 – MAX VESA: 600x600

The DOUBLE SIDE Totem has been designed to accommodate two displays in a back-to-back configuration.

This totem is particularly suitable for Digital Signage applications, information points, and wayfinding systems.

It is available in versions supporting displays up to 75 inches.

Inside the structure, there is space to house a media player or mini PC, speakers, and other devices.

Upon request, a protective glass panel can be added to both displays.
