Gyro Trolley

COD: 07122

VESA 400X400

GYRO TROLLEY is a trolley with swivel wheels and screen rotation function, designed to meet the latest needs for meeting and collaboration rooms.
Thanks to the possibility of 90° rotation, the screen can be positioned in landscape or portrait mode; it is compatible with the best and most popular touch displays on the market, as well as being certified for the new 55" and 65" SAMSUNG FLIP 2 series.
GYRO TROLLEY easily moves on wheels for simple moving transitions in a working area and makes any space more flexible, from small meeting rooms to conference rooms and even private offices. The perfect and refined design and the choice of the white or black colour allow the support to be positioned both in traditional environments and in modern design offices.
