TARGETED TO PROFESSIONALS

In-Out Maxi

COD: 06201

VESA 400x400

IN-OUT MAXI has been specifically designed for large-format monitors weighing up to 150kg. Thanks to the pantograph mechanism, it is possible to move the screen away from the wall to carry out any maintenance operations. The monitor can be installed both vertically and horizontally. The 4 microadjustments allow perfect positioning and alignment of the screen. Use on drywall is not recommended.
