VESA 200X200 / 400X400

TOTEM LEGGIO is the perfect solution for wayfinding applications or simply to consult information through a screen. The product is available in white or black. Inside it is possible to store a mini-PC. The inclination of screen is adjustable in order to facilitate the reading by the user.

ATTENTION: The screen is directly connected to the VESA plate, but if necessary, it’s possible to have a customized screen housing with or without protective glass.
