

**Portal Frame Single Side 46"**

COD: 09256

PORTAL FRAME is an outdoor support designed for Full Outdoor displays, compatible with Samsung OH Series, LG XE4P, and similar monitors.

It is available in two versions:

an open-frame design that maximizes the display's visual impact  
and a fully enclosed version with a lower panel for a more traditional, solid appearance.

Cable management is completely concealed inside the side uprights, ensuring a clean and protected installation. The structure is designed for direct floor mounting, providing maximum stability for permanent outdoor installations.
