MIN VESA 200x200 – MAX VESA 400x600

SLIM is OMB's digital signage totem, specifically designed for installations where space is limited without compromising on elegance or functionality.

Available for 43" and 55" displays, it features a compact profile and a minimalist design, making it ideal for retail stores, showrooms, reception areas, and high-traffic environments. The standard finish is Black RAL 9005, with the option to customize the totem in any RAL color.
To further enhance brand identity, the base can be customized with the customer's logo, precision-cut and backlit to create a distinctive, eye-catching visual effect.
