The Wall Indoor

THE WALL INDOOR is a wall-mounted enclosure for 32" to 86" displays, designed for indoor digital signage applications.

The protective front glass shields the display from impacts, dust, and tampering without compromising image quality.

Its sleek, minimalist design blends seamlessly into retail stores, airports, schools, hospitals, showrooms, and public spaces.

The robust steel construction ensures durability and easy maintenance.
An optional wall mount with up to 15° tilt is available for improved viewing angles.
