Base Spring

Manual Trolleys & Floor Stand

BASE SPRING è una piantana adatta per applicazioni di digital signage in ambienti pubblici (i.e.: negozi, showroom, hotel) regolabile in altezza e dotata di un'escursione massima di 30cm. Grazie a un sistema di scorrimento verticale tramite molla a gas, la struttura in acciaio è stata studiata per essere stabile e maneggevole e offrire caratteristiche importanti: VESA max 600x400, portata sino a 40kg, passaggio per i cavi all'interno della colonna di supporto e una altezza da terra variabile da 118cm a 148cm.

BASE SPRING is a floor standing support designed for digital signage in public spaces (i.e. Shops, hotels, showrooms). A gas spring consents a maximum vertical excursion of 30 cm. Thanks to a vertical sliding system via gas spring, the steel structure is stable and easy to handle and presents remarkable characteristics: max weight capacity of 40kg, VESA compliant with max 600x400, electrical cables hidden inside the stand and a height from the ground ranging from 118cm to 148cm.
