Kit Lift Adjustable + Slim Tilt 600

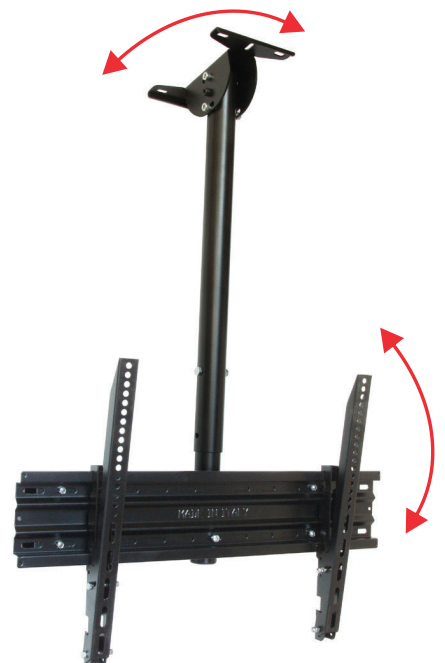

LIFT ADJUSTABLE insieme a SLIM TILT 600: un kit che consente di appendere a soffitto monitor per digital signage e tv sino a 60". Il LIFT ADJUSTABLE consente la massima flessibilità di installazione: il braccio ha una escursione dal soffitto verso il basso sino ad 1.5mt e la base può essere ruotata di +/- 30° sull'asse del braccio, per consentire l'installazione anche su soffitti obliqui (mansarde) o irregolari. Lo SLIM TILT 600 permette di inclinare il monitor sino a 12° rispetto all'asse perpendicolare.

LIFT ADJUSTABLE together with SLIM TILT 600 is a kit which allows you to hang a digital signage monitor or tv (up to 60") from the ceiling. Lift adjustable offers the ultimate flexibility of installation: its arm has a vertical adjustment from the ceiling downwards of up to 1.5mt. And the base can be rotated 30° on the arm's axis to make installation on slanting or irregular ceilings easier. SLIM TILT 600 allows the monitor to be tilted up to 12° in relation to the perpendicular axis.

Lift Adjustable + Slim Tilt 600 = Kit Lift Adjustable
